At Our Civic Center

By DICK HENDERSON

At 10:35 Tuesday morning the earthquake that shook the civic center appreciably but caused no panic nor did any damage so far as is known, did not interrupt the meeting of the board of supervisors. Nobody paid any attention to the shaker, which was not officially recognized.

Twelve legal size typewritten pages made up the agenda, 77 numbered matters taking up nine pages and three additional pages with miscellaneous matters.

Only matter on the list that concerned Lemon Grove directly was a letter from the surveyor and road commissioner (Joe Mack), transmitting a request from the State Division of Highways for a revision of the existing freeway agreement for the State Sign Route 94 at Massachusetts Avenue in Lemon Grove, which will prohibit northbound vehicles on Massachusetts Avenue from entering the freeway westbound, and will eliminate the left turn conflict at the entrance to the freeway on-ramp.

Request of the department of medical institutions — Edgemoor Farm — for assignment to the Credit Bureau of San Diego, Inc., for collection, four additional amounts, totaling $1,290.29, on accounts previously assigned.

Ten applications from the director of medical institutions, County Hospital, for the discharge of accountability for the collection of accounts totaling $53,168.

TAX MATTERS

Two requests from the assessor for correction of accounts to correct errors on the 1955 assessment roll which will result in the decrease of taxes. (Approved by county counsel and city attorney where required.)

County tax collector requests authorization to file actions in small claims court to collect delinquent 1952-53 and 1955-56 taxes on 95 accounts.

Sheriff Bert Strand requested that the auditor and controller be authorized to transfer from Jail Stores Working Capital Fund to the Inmates' Welfare Trust Fund the sum of $247.19, profit from jail store transactions for the month of January, 1956.

The board ordered an ordinance which will permit fire protection districts to enforce their regulations in urban districts. The chairman of the board said the ordinance had been asked by the County Firemen's Association.

Business Women Plan Installation Dinner Dance

Installation dinner-dance of the Lemon Grove Business Women's League will be held Wednesday, April 18 at the Lafayette Hotel, reported Mrs. Grant Hadley, social chairman.

A short business meeting, consisting mostly of committee reports, was given at the February meeting at Michael's, with Mrs. Calvin Nicholl presiding.

Mrs. Al Rice would like the following items for the Red Cross: razor blades, needles, Hallmark birthday books, tiny birthday candles, popular sheet music and Easter cards. She may be reached at JU 2-6788.

An important Youth Center control board meeting will be held Feb. 29 and all members are invited to attend.

Mrs. E. A. McGuire and Mrs. Tod Chaffee were reported in the hospital. Mrs. Burt Snyder was welcomed back after a long illness.

Program consisted of movies on "Marineland," taken and shown by Mrs. Jerry Howell, program chairman.

Merchant Division Plans Another Big Giveaway, Sales Event

Another Lemon Days Bargain sales event is in the making by the Merchant's Division of the Lemon Grove Chamber of Commerce, it was announced this week by Ted Skelly, chairman.

A community wide sales effort, valuable prizes and appearances of television personalities are part of the program. The first meetfng to complete plans will be held Tuesday, February 28, at the Chamber of Commerce meeting place in the Justice Court.

All retailers in the Lemon Grove business community are invited to take part and attend the meeting. Meeting time is 7:30.

Scenes as thrilling as this, and some even more thrillinger, will be unfolded Wednesday night, March 14, when Helix High School PTA presents "The Doors Swing Open" at La Mesa Junior High School Auditorium.

In the scene above are Fran (Lou Hanning, proprietress of the Silver Bullet Saloon) Beasley, past president of Helix PTA; Lewis (Bert Snyder, slick card shark) Freed, Helix math teacher, and Roberta (Carla, 17 year old heroine) Thomas, Helix school nurse.

SUPERVISOR BIRD IS MEN'S CLUB SPEAKER

The Lemon Grove Men's Club heard David Bird, county supervisor, tell of problems in the welfare department and of the assessor's office at Friday's meeting.

Bird, who will be a candidate for his office this year, said that considerable revamping would be done in welfare. He blamed state legislation for the current ills.

Of the assessor he said that Arthur Eddy had done an outstanding job and that charges made by Raul Laughlin are yet to be proven.

He also said that the county sales tax would probably be invoked by next year.

Lemon Grove post master Frenchy Faucher will provide the program this Friday.

WATER BONDS PASS BY HUGE MAJORITY

Approximately one-fourth of the water district's 33,107 voters trooped to the polls Tuesday and plunged themselves five and a quarter million dollars deeper into debt to assure more water during the coming few years. The issue is the first step of an eventual 17 milion dollar improvement program.

The total vote was "yes" 6884; "no" 968 for 87% approval. Two-thirds approval is required.

Four precincts in Lemon Grove showed 1142 votes in favor; 193 votes against.

Five Spring Valley precincts gave 1178 "yes" votes and 196 votes against.

Both communities registered 85% of the vote as favorable.

Construction will start in midsummer and will be completed within 24 months but with most of the improvements in use within 12 months.

MILLION $ A MILE

L. G. Freeway Delay to Cost Contractor $10,000 a Day

By DICK HENDERSON

A freeway being installed on the north side of Lemon Grove is showing progress. This is a 2½ mile stretch of road from College to Campo Road costing $2,860,000. It is the second section of freeway from near 18th and F Streets in San Diego to junction with U. S. 80 at Grossmont Summit in La Mesa, 11.1 miles away. Contracts were let for different sections of the projected freeway, and the Guy F. Atkinson Co., one of the biggest engineering contractors in the county, were the successful bidders on two sections.

The section from College to Campo Road is the one interesting to Lemon Grove folks at this time.

The freeway will run along about half way up the hill north of Lemon Grove's business section, just above the Sunkist Packing House, and runs close to the railroad tracks. That particular section is a "toughy," with a cut of some 40 feet through a rocky hill.

The cut at this point is about half completed, and has used a carload of blasting powder so far, and required the purchase of a huge Bucyrus Erie 88 "scooper," with a 4 cu. ft. bucket, to handle the dirt. This machine, which required three flat cars to bring it here in pieces, was assembled on the ground just south of the packing house and worked around to the freeway right of way under its own power. Incidentally, this machine cost $150,000. It has been operated in two shifts daily, one shift from 6 a.m. to 2 p.m., the other from 2:30 p.m. to 10:30 p.m.

Four carloads of powder — a carload is ten tons—have been used so far on the project, with about one carload to this tough hill which is still being worked over. Drilling for the powder shots goes on day and night. Holes 15 feet deep are placed in selected spots and the powder put in, some dynamite and some black powder, and is fired electrically.

All blasting is being done under the direction and superivsion of a mining engineer, who is considered the best man in the business. He figures out the amount of powder to do the breaking up, without undue jar to the surrounding territory. His first allotment shook up the neighbors so he cut down his shots and complaints have dwindled.

A penalty of $1100 per day for delay in completing the contract for the job is assessed by the state, and is taken out of the money due the contractor, so the men on the job are shoving the work along.

After the shooting is done the big "scooper" moves in and starts scooping the dirt and rocks into trucks. Three trucks, each holding 12 yards of waste material, are kept busy hauling and dumping. One truck is being loaded while another backs into position on the other side of the machine, and this reporter watched for a half hour and the "scooper" did not make a stop—three scoops to a truck, a whistle and the truck roared off to dump in a fill up the line. Meantime a second truck has backed in and is getting its load, while a third truck takes its place on the other side. We were told that every yard of waste brings in 62 cents and according to our crude figuring, with a quarter of a minute to each truck load, the scooper earns $10 per minute.

It was estimated by Superintendent Tom Hawley that the value of the machinery in use is approximately $900,000. The "pusher" buldozers cost $25,000 each. If you want a thrill, watch one of these pusher operators shove his machine along the side of a cut, almost tipping over, or see him shove a load to the edge of the bank, almost going over, but always reversing in time.

Some 150 men are employed on this section. The number varies by days, with carpenters building forms and steel men placing the steel, ready for the cement to be poured for the abutments and underpasses.

Many of the men are living temporarily in Lemon Grove, handy to their jobs.

The office of the Guy F. Atkinson Co. here is on North Avenue, in an old residence. An all man clerical force, no females, seemed an oddity to this reporter, who is used of late years to an office staff of females, with only an occasional male supervisor. Telephones are very much in evidence, and long conversations with San Francisco, which is the main office of the firm, are held. And the telephone bills!

I saw one phone bill with at least six tabs that explain the charge attached, and the totals run up. The number of bills that come in every mail is surprising.

The contractor gets a nice piece of money for his job, but he has to spend most of it.

This reporter was pleasantly surprised when he met Tom Hawley, superintendent of the project. His father, S. B. Hawley, and I were schoolmates at Russ High School in San Diego 60 years ago, he in his last year and I in my first. A couple of years later the acquaintance was renewed in El Cajon Valley, when I worked on his ranch.

S. B. Hawley's father was one of the builders of the San Diego Flume, and S. B. (Vill) Hawley had several brothers, Guy and Warren, who died in their young manhood, George, Allen and Joe, all builders and pioneers of El Cajon Valley, and all now deceased. We had an interesting chat about old times.

Tom Hawley graduated from Grossmont, the original school which has been condemned recently. His home is in Burlingame, near San Francisco, but he has an apartment in Lemon Grove. He graduated from State College.

Incidentally, Tom Hawley figured this present contract. There are 88 items on each bid, and each is figured separately. He has been with the Guy F. Atkinson Co. for 18 years.

The first contract, from Euclid Avenue to College Avenue, a distance of 2.4 miles, is expected to be completed by April, 1956. The second unit, from College Avenue to Campo Road, should be open to traffic less than a year later.

Eight bridges in this second unit (Lemon Grove), under or over, are provided, with three pedestrian structures, one at Costa Bella Drive, which will be 301 feet long and provide an eight-foot walkway, Quarry Road, 264 feet long and providing an eight-foot walkway, and Dexter Drive, a reinforced concrete box and "U" section about 298 feet long providing an eight-foot walkway

New Officers to Be Named For Youth Center

A new slate of officers for the Lemon Grove Youth Center will be offered by a nominating committee at the February 29 Youth Control Board meeting to be held at 8 p.m. at the Youth Center on School Lane.

The action stemmed from charges by county officials that the center was in arrears in utilities payments and that insufficient bookkeeping and non-collection of charges for use of the building was not in keeping with the county's desire for the center's operation.

Nominating committee included Evelyn Lauritzen, Frank Armstrong, Robert Johnston, Max Goodwin and Dorothy Louer.

General meeting scheduled for the same night is planned to re-establish community interest in the project. V. J. Dorman will moderate the meeting.

All interested persons are invited to attend.

School Board, Public To See 'How Johnny Learns to Read' Program

How does Johnny learn to read in Lemon Grove schools? That question will be answered next Monday evening, February 27, at a special school board meeting at Vista La Mesa School. Beginning at 7:30, the program features Mrs. Grace Burks, first grade teacher, who will demonstrate for board members and visitors the methods used in teaching reading in the primary grades here.

Clarence Allen, principal, invites all residents to view this unusual but effective demonstration which hopes to answer questions about reading programs in the schools. These special board meetings, held at the various district schools for the convenience of patrons, cover all aspects of subjects taught from kindergarten through the eighth grade.

Community Chest Scores Scouts For Fund Drive

The executive committee of the San Diego Area Community Chest yesterday said that the current membership campaign of the San Diego County Council, Boy Scouts of America, is in violation of an agreement with the chest.

An open letter addressed to the Scout Council stated that the campaign for additional funds has not been approved by the chest.

The letter also stated in part:

That the Scouts this year were allocated $99,431 from the chest for an increase of 31.6 per cent, even though the total amount raised in the last campaign is up only 17.5 per cent.

That chest allocations to the Scouts in the last five years have increased 258 per cent, while total fund raising for all Red Feather agencies increased 128 per cent.

That the community should be free from being asked to give more in a separate campaign to one of the agencies to which they have already contributed through the United Success Drive.

Decision to make public the statement regarding the supplemental campaign came after the Scouts turned down an offer by the chest executive committee to make available an additional $9,400 to the Scouts for 1956, on the assumption there would be no outside fund raising effort.

Pointing out that no comparable community can come close to matching this area's increase in giving through the United Success Drive, the letter declared that strides made in the last three years have demonstrated the wisdom and effectiveness of the united way of giving, and said that future hopes lie in greater, not less unity.

Incorporation to 'Nail Down' Boundaries Says Dr. Chassy

There'll be another vote on incorporation soon in Lemon Grove, and this time it will be primarily to nail down boundaries, Dr. Gilbert Chassy, Lemon Grove physician-surgeon, said this week.

"Increased taxation need not follow incorporation at all," Dr. Chassy pointed out. "Incorporation, on the other hand, can establish our boundaries so that our various taxing districts' tax rates will not be increased as part of our community is nibbled off by other corporate cities."

Dr. Chassy is Lemon Grove Business Men's Incorporation chairman and has already acquired approval of the San Diego Boundary Commission on the map and boundaries he submitted.

Under the present plan, as before, Lemon Grove would become a sixth class city with boundaries only slightly smaller than those proposed last year when the issue was defeated at the polls on January 10 by a vote of 2,180 to 1,607.

Under state law incorporation elections may not be held more often than once a year. The proposed city will include about five square miles, and about 18,000 people. As before, petitions will be circulated and they must represent 25% of the residents and they must represent 25% of the assessed valuation of the property involved. A simple majority is needed to pass the issue.

Meanwhile, an 18 acre tract is being considered for annexation by San Diego at Jamacha and Imperial. A possible annexation of the Walter Bollenbacher project of approximately a 1500 home tract on south Sweetwater is also in the works. Already lost by annexation to La Mesa is the hillside north of Lemon Grove on which will be built several scores of quality homes, mostly in the above-$35,000 class.

Incorporation meetings for interested persons will be held. Time and places will be announced later, Dr. Chassy said.

HELIX HIGH PTA TO HOLD TOWN MEETING

Helix PTA will sponsor a town meeting on the problem of juvenile delinquency at 7:30 p.m. on Wednesday, February 29 in the school cafeteria. Albert Wallace, PTA president, states that this meeting is being held in response to a request from Gov. Goodwin J. Knight that such a conference be held in each high school in the area.

Reports and recommendations from this meeting will be taken to a county-wide meeting to be held March 10 in Balboa Park. Recommendations from this meeting will be reported to a governor's council in Sacramento at a later date.

MRS. GRIFFITH DIES HERE

Mrs. Lydia Griffith, 7640 Central Avenue, Lemon Grove, passed away at her daughter's home on Thursday, February 16. She was laid to rest at Greenwood Memorial Park on Monday, February 20 at 3 p.m. Pastor H. C. Bakken officiated at the memorial service.

The Dimmer VIEW

By MAX GOODWIN

The next time you meet the editor of your local newspaper, be kind to him. He deserves better than he gets, in most cases.

He is a worried, harried, workman who fights a seemingly losing battle against deadlines, perverse machinery, reluctant printers, oversized payroll and undersized income.

His reporters sometimes work their own opinions into straight news stories facts, and contributors perpetually bring in items as the newspaper is being published to demand special consideration for a notice about this week's meeting of the bird watchers, which must go into the issue now on the press or there will be great disappointment among the bird watching fraternity, sparrow division.

I have intentionally avoided the mention of an editor's mail. Those of you who have followed the not-too-fancy flights of this column know that I share the confidence of my correspondents from time to time because I strongly feel that almost no one writes or tells a newsman anything without hoping and expecting that somehow it will be resolved to print, usually in a manner complimentary to them or helpful to their cause. Some writers cloud their project with considerable obscurity, others are more direct. Take this post card which came this week. It read:

Sir: A deduction! Unless something is done soon to stop the rising Chinese birth rate—in a few years we are going to be engaged in a war trying to stop them from overrunning all of Europe.

(Signed)
William R. Sullivan
720 W. 10th Pl.
Los Angeles

Now I never heard of William Sullivan before, but his message didn't seem any more unusual than some we get. The girl in the office named Gladys considered the message for a minute and said that she and her husband had restricted the children in her family to four because she had read that every fifth child born in America was Chinese.

Another note, in the same day's mail, was addressed to the San Diego Tribune with the carbon coming to me. It read: (and I am sure the writer meant the criticism for the Trib and not us, because we love kids. We were once kids ourselves).

Mr. Editor:

You owe the citizens of Lemon Grove an apology and especially our model youngsters. If San Diegans don't care how you libel their children I am sure we do.

I have lived in my present locality for more than a year. More than 50 children cross and crisscross my property daily because it is near a bus stop and stores. At no time have these youngsters shown themselves anything but decent, healthy, American "kids."

FREEDOM OF THE PRESS MUST BE CURBED! Pictures and stories often run in your paper is nothing more than filth; how do you expect kids to learn anything decent? And when they are decent they have the right to sue for libel as well as any other citizen. The kids of Lemon Grove were libeled in your paper.

Sincerely yours in Christ
Aloysius H. Seubert
8315 Imperial Avenue

That one had me stumped. The writer presumably had reference to the current stories on juvenile problems but how he expected to curb the freedom of the press without affecting his own freedom of speech or of worship . . . is a detail he'll have to work out in his next letter.

There was another letter in the same mail. It read:

Thank you, Mr. Editor!
I shall remember your kindness forever.
The best of wishes to you and your newspaper.
And God's Blessing to the man who published the wonderful Christmas issue — 1955! It was wonderful! And the glow lingers in one's heart.

Sincerely
Madge Kozlarek
3677 Calavo Drive

Now you can better understand why many newsmen have a vapid look on their face. The above mail proves he can be confused, irritated and pleased in a matter of minutes and it's material like the latter that makes up for the rest.

Any way you look at it newspapering is never dull!

WOMAN'S JUNIORS IN EASTER SEAL PROJECT

By SIS MAJOR

Swish! Swish! Swish! is the sound you would have heard had you attended the business meeting of the Lemon Grove Juniors last week. The members were busy stuffing Easter Seals to benefit the Crippled Children's Hospital. Ten thousand file cards and paraphernalia were sent to the Juniors to address, stuff, seal, zone and tie for mailing. This project is undertaken by the county Juniors each year. Chairman for the Lemon Grove Juniors this year was Mrs. George Teigen. Mrs. Teigen held open house Wednesday, Thursday and Friday night of last week and welcomed anyone who wished to help with the Easter Seals.

Mrs. Ralph Kraft, program chairman, introduced Joseph Parks, chairman of the Citizens Advisory Committee of the irrigation district, and Carlyle Reed, who is working with the advisory committee.

A Trader Vic Auction was held following the meeting. Mrs. William Miller, arts and crafts chairman, and her assistant, Mrs. Raemond Kickbush, planned this auction to raise money to help defray the expense of the art exhimit the Juniors are sponsoring at the House of Charm in Balboa Park on March 4. Each member was contacted and asked to bring a white elephant to the meeting. Mrs. Kickbush, dressed as a beachcomber, conducted the autcion. Mrs. Miller said the arts and craft fund was made richer by $12.30. Mrs. Ralph Richardson, Junior advisor, purchased a trophy for the Juniors. It will be given to the Junior club for the best all-around entry at the art exhibit.

Hospital Auxiliary Country Fair Date Set

This year's country fair—one of the three major community events sponsored by Grossmont Hospital Women's Auxiliary — will be held on the quad of Grossmont High School, according to Mrs. F. M. Sawyer, country fair chairman. The date, Saturday, May 12, has already been announced.

Several areas have already selected the booths and other attractions they will feature. Plans taking shape indicate that this year's event will provide even more fun for the younger members of the family than last year's.

WOMEN WORK FOR BLIND CHILDREN

Working at addressing letters for the drive of the S. D. Foundation for Visually Handicapped Children are, left to right: Mrs. Calvin Nicholl of Lemon Grove, at typewriter; Mrs. Bernard Schemmer of National City, standing, and Mrs. John Harris, seated, of San Diego. All are officials of the auxiliary of the S. D. County Optometric society.

Twenty thousand letters will be sent in an attempt to collect $12,000 to aid the S. D. Foundation for Visually Handicapped

YOU CAN—IF YOU THINK YOU CAN

If you think you are beaten, you are;
If you think you dare not, you don't;
If you'd like to win, but think you can't
It's almost a cinch you won't.
If you think you'll lose, you've lost,
For out in the world you find
Success begins with a fellow's will—
It's all in the state of mind.

Ronnie Levenson Named Student Council President

Ronnie Levenson of the eighth grade was elected president of the student council last week by student body members of the Lemon Grove Junior High. Serving with him as officers for the second semester are Bill Thorton, vice president; Beverly Lebb, secretary, and David Hopper, treasurer.

Classes will now elect homeroom representatives to the council to serve during the remaining months of this school term. Richard Haynes is faculty advisor to the group.

A dance sponsored by the student council was held recently at the junior high as a Valentine Day function. Students elected Beverly Lebb and Ron Kelley, both eighth graders, as queen and king of the Valentine Dance. A yo-yo contest that evening saw Artie Shott and John Speckman as winners.

Chaperones for the evening included Harry Butler, Ben I. Schei, Harold Brogan, Richard Haynes, Thomas Brogan, Mrs. June Mason, Mrs. Susan Tougaw, and Mr. and Mrs. Bernard Seiler.

YORTY TO SPEAK TO DEMOS HERE THIS WEEK

In an effort to get broader understanding of state and national problems on the part of all citizens, the Homeland Area Democratic Club is presenting the first public program Thursday evening in the Golden Avenue School at 8 p.m. Special guest and speaker, Hon. Sam William Yorty, World War II veteran, lawyer by profession and former congressman from Los Angeles, cordially invites everyone to attend his first visit to the southern part of our 28th Congressional district here. Refreshments are being donated by the social committee of the club.

Friends and supporters of Mr. Yorty's campaign for U. S. Senate in '56 are holding a private dinner at 6 p.m. preceding the rally in Michaels' Restaurant—Flamingo Room, and reservations may be had by calling HO 9-2916 or BE 2-2440.

Several members of the State and County Central Committees have indicated their intention to be present. Invitations have been sent to many other dignitaries and various groups throughout San Diego County, who also intend to send representatives. The opening of the program for the club will be handled by Councilman Miles Nagel of La Mesa.

Mrs. Chas. D. McKenzie, 8035 Darryl St., president of the Homeland Area Democratic Club, is planning future events featuring government officials and candidates to appear in the area the last Thursday of each month, and hopes to help in this way to play an important role in making the public aware of their political responsibilities.

'Have to' Marriages Take Youngsters From School

By BOB TURNBULL
Teenage Editor

Marriages in high school is becoming an acute problem, believe it or not. At least that's the way the California educators feel.

Recently the University of California College of Agriculture conducted a survey and found marriages in high school are on a definite upswing due, of course, to the increased population and changeover in today's standards. Their survey showed that married students attend school irregularly and rarely remained to receive their diplomas.

Attendance officers in high schools across the nation, including our own local high schools of Helix and Grossmont, do not attempt to discipline the married students who are continually tardy or absent, because they found their disciplinary efforts to no avail.

The university's survey showed that most of the high school principals interviewed (nearly 300) stated that married students were really a problem not only because they missed classes but because many of them encouraged their friends to enter holy wedlock.

The objectional students, or those of bad influence, usually dropped out of school before damage was committed.

Pregnancy confines many of the girls to study programs at home, but many of them want to continue their education and the principals say "more power to them."

The vast majority of married high schoolers get married in their senior year. Some do so in their junior year but very few get married younger, the majority of those because they "have to."

It seems to be the general feeling among educators and students alike that in order to cut down ill advised marriages, courses should be given in earlier years in school, probably when they enter.

Several engaged students are married in high school, but the majority wait until they leave before marriage comes about. Besides it's usually the girls who are married or engaged in school, the fellows are a little older and are usually out working.

Tom Farrow Files Report on Area Polio Income

Tom Farrow, campaign chairman for 1956 March of Dimes, has filed a report on income from the Lemon Grove and Spring Valley area.

Approximately $5,000 net was collected and turned in to the San Diego Chapter.

Here is the report:

The 1956 March of Dimes campaign has been most successful, due to the close cooperation of the citizens of the Lemon Grove-Spring Valley area. All of you have contributed greatly, and only through your efforts have we of the committee been able to bring to a close such a successful campaign.

Many of the faithful workers I have not had the pleasure of meeting and thanking personally. May I therefore, as your chairman, take this opportunity to extend to each of you my personal thanks and that of the San Diego Chapter of the National Foundation for Infantile Paralysis, for your part in this year's campaign for the March of Dimes. The true blessing for each and every one of us lies in the satisfaction of a job well done, in helping safeguard American children and assist those unfortunates already afflicted by polio.

Conservation Program Designed For All Says Oil Speaker

Conservation is no longer simply a word, it has become a philosophy aimed at doing the most good for the most people for the longest time, members of the Lemon Grove Kiwanis Club were told Wednesday.

"It is a practical philosophy that the natural resources, whether publicly or privately owned, should be used and managed wisely to the end that those resources will do the most good for the most people for the longest time," according to L. A. Dystart, director of the Speaker's Bureau of Richfield Oil Corporation.

Dysart spoke at a luncheon meeting of the club. The meeting was held at Michael's Restaurant, and included showing of a new film titled "The Conservation Story."

The philosophy of conservation, Dysart said, is based on the proposition that all people have a vital interest in natural resources at a matter of human rights. We have a human right, he pointed out, to expect good stewardship of soil, water, timber and other renewable resources.

The same is true, he continued, of oil and other exhaustible and irreplaceable resources. With respect to these, conservation means production practices designed to result in the greatest ultimate economic recovery, he declared.

LEMON GROVE BALL TEAM CHAMPIONS IN 1910

In 1910 or thereabout, Lemon Grove had a baseball team that won many games from teams hereabouts. Every Sunday afternoon there was a ball game, and usually Lemon Grove won.

Tony Sonka tells about the games, and how the local boys out-played their rivals. Baseball fans gathered every evening in Sonka Bros.' Store, which was headquarters. The boys swapped yarns until 9 o'clock, when the lights were put out and everybody went home.

1915 was the big year for Lemon Grove's team, for in that year the team won the championship of San Diego City and County!

Tony didn't tell us the local team's name, but he showed us a placard that was printed at the time:

Burns Prove Fatal to Floyd N. Ruark

Services were conducted Monday in the Little Chapel of the Roses, Glen Abbey Memorial Park, Chula Vista, for Floyd N. Ruark, 67, of 7872 North Avenue, Lemon Grove. Burial was in Glen Abbey Cemetery.

Mr. Ruark, a steel worker, died last Tuesday in a Brawley hospital. He was burned February 7 when a heater in his trailer exploded and blew him out of the trailer and he rolled 30 feet. He was taken to the hospital, had five blood transfusions, and was thought to be well on the road to recovery.

Mr. Ruark was a steel worker, had been working in Plaster City for three weeks, and lived in his trailer at Brawley, 30 miles away.

Survivors are his widow, Matilda; two sons, a daughter, two stepdaughters and three sisters, including Mrs. Winnie Lewis of Spring Valley.—D. H.

BILL SHEARER GAINS FRIEND

A casual friendship with a Washington construction worker has paid off for William K. Shearer of La Mesa, Republican candidate for election to the state assembly from California's 77th District.

Shearer, a member of the staff of Rep. James B. Utt (R-Calif.), plans to return to San Diego by March 1 to launch his campaign.

A staunch advocate of a protective tariff system for the United States, Shearer believes that is the only way to protect domestic industry from a flood of foreign produced imports.

For some time Bill, a bachelor, has been dining nearly evening at a restaurant near the capitol. Another regular diner there, Charles C. Graves, and Shearer became acquainted and as the weeks went by began to talk politics, government problems, etc. It was not long before Graves realized that Bill is a protective tariff man.

A few evenings ago, Shearer and Graves met as usual at the restaurant. But this time, Graves, a construction worker who has educated himself in the mysterious ways of government and politics, arrived with a stack of postcards. Printed on each of them was this:

"I AIN'T mad at NOBODY, just always FIGHTING FOR a PROTECTIVE TARIFF. LIKEable WILLIAM K. SHEARER."

Graves had gone to the trouble and expense of having the postcards printed by a friend of his in the printing business. What's more, Bill is going to mail them out as part of his campaign.

"That's one of the nicest things that's happened to me in a long time," Bill says.

Does Your Doctor Have You On a Diet?

Scientists devoted to the study of foods and the eating habits of individuals in this modern age, have aided the medical profession considerably in recent years by making their findings available to it. Most important of discoveries is that many human disorders are caused by over-eating or improper foods. Doctors are consequently prescribing special diets for many of their patients.

Lemon Grove is fortunate in having an exceptionally fine special purpose food store. It is operated by Mrs. T. R. Carlton, who will assist persons in selecting foods to achieve the results desired for them by their physician.

Among the low caloric foods obtainable at this store is a bread, 120 calories per slice; jellies, one calory per teaspoon; cookies; syrups and a number of foods such as noodles and macaroni made from vegetables. Salt free foods for salt free diets include cornflakes, peanut butter, cereals and among other foods a number of specially prepared fruits and vegetables. Many items carried are to produce better health, such as El Malino grains and cereals, vitamins for every purpose and foods with high vitamin content.

The special purpose food store is located opposite Sprouse-Ritz at 7894 Broadway in Lemon Grove. Their phone is HO 9-9329. —Adv.

Lemon Grove Children's Dental Health Week Proclaimed

Bruce Harms, president of the chamber of commerce, yesterday proclaimed this week of March 4-10 Children's Dental Health Week in Lemon Grove. The week is being celebrated in communities throughout the nation.

Dr. Donald Johnson, 7854 Golden, Dental Health Week chairman for Lemon Grove, said the purpose of the special week is to bring home to both children and parents the importance of taking proper care of children's teeth.

"Teeth are a precious asset that last a lifetime if properly cared for," Dr. Johnson said.

Harms' proclamation follows:

"WHEREAS, dental disease, particularly tooth decay, is one of the most extensive health problems today; and

"WHEREAS, early preventive measures can save our children from serious effects of this problem; and

"WHEREAS, the dentists of this city have stressed the need for community health programs to make dental health education and dental care available to all children:

"NOW, THEREFORE, I, Bruce Harms, president of the chamber of commerce, do hereby proclaim the week of March 4 through 10 as Children's Dental Health Week in Lemon Grove, and urge all civic, educational and parent organizations to join in the observance."

Part of the observance, Dr. Johnson said, will be the awarding of trophies to junior high school students throughout the county writing the best slogans on dental hygiene. Trophies will go to the students writing the three outstanding slogans in the seventh grade, in the eighth and in the ninth, he said.

Lemon Grove Intermediate School is participating in the contest, Dr. Johnson added, and awards will be made at a luncheon sponsored by the San Diego County Dental Society to be held at the Lafayette Hotel in San Diego on March 7.

Nicholls Off to Eye Convention

Dr. Nicholl is first vice president of the County Optometric Society and state chairman of the ethics and vigilance committee. Mrs. Nicholl is second vice president of the local optometric auxiliary.

LESSON-SERMON ON 'CHRIST JESUS'

The Lesson-Sermon on "Christ Jesus" in all Christian Science churches Sunday relates Luke's account of the healing of the man who came to Jesus with a withered hand.

In spite of the criticism of the scribes and Pharisees because it was the sabbath day, Jesus recognized his need and said unto them, "I will ask you one thing; Is it lawful on the sabbath days to do good, or to do evil? to save life, or to destroy it? And looking round about upon them all, he said unto the man, Stretch forth thy hand. And he did so: and his hand was restored whole as the other" (Luke 6: 9, 10).

No House-to-House Program Planned By Heart Fund People

"Be your own Heart Fund volunteer on Heart Sunday, February 26," Dr. A. L. Edgar, president of the San Diego County Heart Association, urged today.

Dr. Edgar announced that more than 5,000 cities across the nation are conducting a house to house canvass for contributions to fight heart disease as the wind-up to the February Heart Fund Drive but the San Diego County Heart Association will not do this house-to-house solicitation.

"Instead," Edgar stated, "we believe the residents of San Diego County would prefer to mail their own contributions to the Heart Association and we are asking every San Diego County resident to be his own volunteer and—if he has not already done so—to mail his contribution to the Heart Association headquarters, 1651 Fouth Avenue, San Diego 1, on Sunday, February 26."

Area Women to Aid in Sorority Fashion Show

Spring will be the theme for the annual fashion show charity benefit given by El Sudoeste Regional Council of Epsilon Sigma Alpha Sorority on Saturday, February 25 at the Balboa Park Club in San Diego at 1 p.m.

The council is made up of ten San Diego city and county chapters, among them Gamma Gamma of Alpine, Alpha Iota and Beta Upsilon of La Mesa. The council president, Mrs. A. A. Murrell of 7221 Saranac Street, La Mesa, is a member of La Mesa's Beta Upsilon Chapter, and will be the honored hostess of the affair. Other local members are Mrs. Charles Foster of El Cajon, president of Gamma Chapter which is helping decoration committe. Mrs. Richard Grabowsky, vice president of Gamma of Spring Valley, and her pledge, Mrs. Stuart Carl Nelson of Casa de Oro, are helping on ticket sales and candy sales.

The affair is done completely for charity and 100% proceeds go to the council's philanthropic project, the Sunshine School for Handicapped Children at 767 So. 35th Street, San Diego. Sunshine School, under the supervision of Principal Mrs. Eva Ritchie, is an educational institution for the orthopedically handicapped and cerebral palsied children.

Last year the sorority fashion show proceeds bought the school a tachistoscope, a special projector and slides used to simplify instructions in reading and writing for the handicapped. Each year the fashion show proceeds buy needed equipment for the Sunshine Elementary School.

Mrs. Gordon Scharfenberg of Encanto, member of Alpha Delta Chapter, as council welfare chairman, is handling the fashion show chairmanship.

Mrs. Eugene Schrader of El Cajon will represent Alpine's Gamma Gamma Chapter as candy sale chairman of the fashion show.

Mrs. Charles Clark of La Mesa, Beta Upsilon Chapter, treasurer of council, states that 1100 tickets have been printed, and there is an expected attendance of 1000 women.

Tickets for the charity show sell for $1.50 which includes light refreshment. There will be candy prizes and door prizes. Tickets will also be available at the door of Balboa Park Club on Saturday, February 25, and the public is invited. For further information, please call Mrs. Richard Grabowsky at HO 9-5888.

Commentator for the fashion show which is being presented by a leading downtown store (Hafter's) will be San Diego's Molly Morse, who will also interview council officers over her KFMB radio program Friday, February 17 at 11:15 p.m. Also Miss Leah McMann of El Cajon's KBAB will interview Mrs. Murrell of La Mesa and Mrs. Foster of El Cajon at 9:45 Monday, February 20.

Mrs. John Johnson of La Mesa's Beta Upsilon Chapter is chairman in charge of selecting models from the sorority's ten chapters to participate in the fashion show. Local residents participating as models are: Mrs. John Johnson of Beta Upsilon, La Mesa, and Mrs. Barth Hill of Alpha Iota, La Mesa.

The decorations will be floral in-season blossoms and greenery. The fountain of running water will be decorated with sprays of peach blossoms floating in a pool in the spotlight. The stage setting will consist of tall palm trees and flowers. Tables will be decorated in center with greenery and peach blossoms depicting the spring theme of the fashion show.

First time distributed in the United States will be gifts of 1000 lipsticks as favors to those attending the fashion show. They were donated by a leading United States cosmetician in New York (Charles of the Ritz).

Local residents wishing to buy tickets, or local merchants desiring to contribute door prizes to the charity event are asked to contact Mrs. Clark at JU 2-7892 or Mrs. Grabowsky at HO 9-5888.

Local Fire Chief Gets State Advisory Appointment

Fire Chief Harold O. Hensley was appointed a member of the State Fire Marshal's advisory committee this week.

His assignment will be "to study laws relating to the formation and organization of fire protection districts in unincorporated areas."

Committee meetings, he said, would get underway in March. His appointment was made by Joe R. Yockers, state fire marshal.

The appointment coincides with a study being made under the direction of County Supervisor Chairman David Bird, concerning an updating of clean-up and fire prevention laws in areas where population growth and home building in unincorporated areas has posed special problems.

Bird said that new laws are needed for some districts but such laws might have no place in sparsely settled rural districts.

Lemon Grove is considered one of the problem districts.

'Molly's' Easter Party To Be Given Again

"Molly" Mouillesseaux' annual Children's Easter Party will be held Friday, April 30, this year.

"Molly" had put the party on six other times until last year when the pressure of business prevented it in 1955. The last party attracted 3,500 youngsters.

This year the party starts with a picture show at the Grove Theatre. Candy filled Easter baskets will be distributed and a name drawing prize event will be held.

The Lemon Grove Rotary Club is sponsoring the event this year. "Molly" operates the gasoline station at Broadway and Massachusetts.

New cables have built-in "raincoats"

Inside the telephone cables that carry your calls are many tiny wires. They're the "voiceways". Now, in the picture above, these wires are getting a good dunking under the faucet, as you see. But they're still dry. For each pair of wires is covered with a plastic "raincoat". Paper was once used for this job in all cables. But now we have a new and economical way to put on plastic covers. Result: Even if harmful water should get into one of the new cables, there's an added safeguard to protect your calls. The men and women of Pacific Telephone work to make your telephone more useful every day.

LETTERS TO THE EDITOR

Dear Editor:

Would it be possible to find space in the Review to publish enclosed typed poem? Possibly some have read it, possibly some haven't. These words have surely helped me. Thanks a million for the article regarding Jacquie's kitty, it still hasn't returned, to our sorrow. Thank you.

I am sincerely,

DON'T QUIT

When things go wrong, as they sometimes will,
When the road you're trudging seems all uphill,
When the funds are low, and the debts are high,
And you want to smile, but you have to sigh,
When care is pressing you down a bit,
REST, if you must, BUT DON'T YOU QUIT!

Life is queer with twists and turns,
As every one of us sometimes learns,
And many a failure turns about
When he might have won had he stuck it out.
Don't give up, though the pace seems slow,
You might succeed with another blow.

Often the goal is nearer than seems, to a faint and faltering man,
Often the struggler has given up
When he might have won the victor's cup and learned too late,
When the night slipped down, how close he was to the golden crown.

Success is failure turned inside out,
The silver tint on the cloud of doubt!
You never can tell how close you are,
You might be near, when it seems so far.
So stick to the fight when you're hardest hit:
It's when things are the worst that
YOU MUST NOT QUIT!

Dear Editor:

I do not believe that it is practical or wise to disregard an opportunity which beckons the citizens of Lemon Grove district. I refer to the chance to incorporate before a piece-meal disintegration is accomplished.

Whatever divergence there may be in our personal views, sentiments toward individuals or groups, and ideologies, I believe that most if not all of us share at least one common interest, namely, that Lemon Grove be kept intact instead of being chewed upon and perhaps eventually losing its identity.

Although so many of us share this sentiment, there have been indications of efforts to shatter the integrity of our community. Paradoxically, these threats arise occasionally from those who basically desire incorporation. However, their interferences have not been manifestations of their convictions concerning incorporation, but instead have served as outlets for personal feelings directed toward individuals or groups. This is not intended as unfriendly criticism, but merely to point out error in thinking, of which any of us may at times be victims.

To these individuals I would suggest that a course of action advocated by those they spurn, be not rejected, lest an alternate path be chosen with regret. We shall still be living in proximity to each other whichever course is ultimately followed. Therefore, it is wiser to face the situation squarely, and decide what is best for the most of us and preferably all.

I do not pretend to act in the role of peacemaker, and do not urge a reconciliation of warring personalities. This I consider an infringement upon the personal rights and privileges of those concerned. Instead, I maintain that it is preferably to declare a temporary truce, long enough to accomplish incorporation without interference. Then, if it is desired, there can be a resumption of private feuding without detriment to the community as a whole.

With the impending threat of a rapid succession of piecemeal annexations facing us, it is unlikely that a status quo attitude will effectively protect our integrity. As a matter of fact, there automatically "ain't no such animal" anymore, except as a delusion of wishful thinking. At this stage of the game, a preservation of what remains of "status quo" is to be accomplished by incorporation.

With due respect to turtles, of whom I am fond, I do not believe that it is wise to emulate them further, by withdrawing into and depending upon the protection of our shell. This has been proven vulnerable around the edges. Personally, I would rather stick my neck out and seek an avenue of escape to a more secure position, while there is still an opportunity, than to remain half asleep within my shell while my periphery is being nibbled. To be gobbled up in toto after a preliminary episode of nibbling, is also possible. A regression to the turtle stage may be sufficiently protective for a while, but not permanently.

P. S. Recipe for Mock Turtle Soup.
1 Calf's Head
2 teaspoon Salt
¼ Teaspoon Pepper
1 Medium Onion
1 cup Strained Tomatoes
1 Large Carrot
2 Tablespoonsful Butter
2 Tablespoons Flour, browned
Juice and Rind of ½ Lemon (Grove)
1 cup Sherry
Mix well before using.

Sports Roundup

At last! Powerful Grossmont High School's varsity quintet fell before a still more powerful Helix High School five last Friday night in a standing-room crowd only at Grossmont gym to see the Foothillers lose to the fighting Highlanders, 70-56. High scorer for the night was Helix's Gael Barsotti with 25 points. Helix is tied with Chula Vista for second spot and the winner of that tilt this Friday night will share the championship with Grossmont. Ronnie Mulder and Rudy Rudzinski for Helix hit for 19 and 15 respectively.

Last Tuesday afternoon the Highlanders again triumphed in a basketball tilt, edging El Cajon 70-68. The Helix Bees won also, and by the by, congrats to the Helix B team for winning the Metro League championship without a defeat.

Final score: San Diego State College 81, Naval Training Center, 63. Ex-Helixer Noel Mickelson (center) bucketed 13 points while teammates Tony Pinkins, Danny Newport and Don Hegrle hit for 26, 16 and 11 respectively. The game was held in the Aztec gym last Saturday night and made State's won-lost record read 17-5.

Track scores . . . El Cajon 78, St. Augustine 26. . . . Hoover 66½, Helix 35½ . . . and Grossmont 75, Mission Bay 27.

!THE SHOW'S THE THING!

Two top pics will adorn the screens of the Ace Drive-in starting this Wednesday, February 22. They are "The Spoilers" and "The Naked Sea."

"Spoilers" marks the fifth time that Rex Beach's famous adventure tale has been put on film. Universal re-made it this time and it is a colorful, fast-moving movie. It stars Jeff Chandler, Ann Baxter and Rory Calhoun and a battle-royal betwixt Jeff and Rory.

"Sea" is RKO's very beautiful documentary based on the 16-week cruise of a dozen men on a tuna boat. Though fictional suspense is a bare minimum, this true-life pic filmed from San Diego to Peru is filled with adventure and suspense, beauty and interesting natural history. It is recorded by William Conrad of radio fame.

And keep in mind the wonderful In-Kar Heaters the Ace Drive-In features.—**B. T.**

This meeting features young speakers, singers and musicians. All the program is youth led; however, many complete families will be present.

The young people of the Lemon Grove church are making plans to have their own youth sponsored meetings each Saturday evening of the month. The first meeting of this type will commence on Saturday evening, March 3, at 7:30 p.m. in the church chapel. It is believed that this type of program will mean much to the young people of the church and community.

Throwin' The Bull

By BOB TURNBULL

It's a Joke, Son! . . . A dumb girl is a dope, a dope is a drug, doctors give drugs to relieve pain; therefore, a dumb girl is just what the doctor ordered.

—BT—

Alumni Doings . . . Congrats to the following alumni of Highlandville: Mary Jane Mudd and Frank Rose who plan to wed in spring . . . Stu Sloan who recently signed with Salinas' California League baseball team . . . Janice Smart who wed Bob Rebbetoy.

—BT—

Nice, ehh? . . . Wouldn't it be nice if school started sharply at 11 a.m. and got out a noon. How 'bout an hour for lunch and we were awarded cuff links and jewelry instead of grades; we had sports cars instead of school buses; eating lunch and talking in class was required; roll-call was outlawed; school closed every Tuesday and Thursday; ditching was encouraged; and if we had a faculty like this:

English—Natalie Wood and Rock Hudson!
Science — Sherre North and James Dean!
Languages—Gina Lollibrigida and Gonzalez Gonzalez!
Chemistry—Mr. Peepers!
Music—Doris Day and Liberace!
Speech—Dennis Hopper and Francis!
P. E.—Marilyn Monroe and Johnny Weismuller!
Drivers Ed—Liz Taylor and Marlon Brando!
Modern Dance—Kim Novak and Lassie!

—BT—

This is a Joke (?) . . . She was only a high school frosh and it was her first formal dance. She desperately wanted to make a good impression, and chose an off-the-shoulder dress. But her mom refused to let her wear anything quite so "grown up." After a long family argument, it was father who came up with the solution. "Let her try it on," he said, "if it stays up—she's old enough to wear it!"

—BT—

Thoughts for Young People . . . A sophisticated girl is one who knows how to refuse a kiss without being deprived of it.

Florida Ships Corn To Lemon Grove In February

The vegetable man at a local food store was preparing green corn for display Thurdsay morning when this reporter wandered by. This man had his knife out and was trimming the husks of small ears of corn, which he took from a small crate.

Asked the price of the corn and where it came from, he said "2 for 29c, and we don't make anything at that. This crate costs $4, and if we get our cost back we will be satisfied. We just want to have it for customers who want some fresh corn on the cob. It is shipped in from Florida."

A dozen ears were prepared for display and the husks were placed in the crate, which went into the refrigerator.

Can you beat those Florida guys? They can't beat us on oranges for flavor, so they plant corn before Christmas and send it out here.

We understand that Florida has very warm weather in winter.—D. H.

Second Children's Concert Announced

Second of the San Diego Symphony's spring series of children's concerts has been set for 10:30 Saturday morning at the Russ Auditorium, Miss Pauline des Granges, Children's Concert Committee chairman, announced today.

The concert will be performed by the full San Diego Symphony Orchestra of 60 members conducted by Daniel Lewis, assistant conductor under Robert Shaw.

Program for the concert which is closely coordinated with both the city and county schools, will open with the national anthem, followed by "The Dance of the Comedians" from the "Bartered Bride" by Smetana. Third number in the concert will be Saint Saen's well-known "Danse Macabre," followed by MacDowell's "From an Indian Lodge."

The concert, according to Miss des Grances, will conclude with a selection from Moussorgsky's "Pictures at an Exhibition" including "Promenade," "Ox Cart," "Ballet of the Chicks," "Baba Yaga" and the "Great Gate at Kiev."

HOW TO
Lead the Fashion Parade

DESTINED TO GO everywhere is the Orient Express (left) — a gentle dress with a flirtatious fit. Very 1956, it has a tiny mandarin collar, diagonal neckline closing, the briefest sleeves. A party fashion in silk tusah, brocade or satin, it will also carry you right through summer made up in shantung, printed silk, cotton or linen.

PTA CLASSES COVER VARIED ACTIVITIES

Mrs. R. C. Alexander, president Vista La Mesa Parent-Teacher Association, has called a meeting of the executive board Monday at 7 p.m. at the home of Mrs. Robert W. Johnson, 3954 Massachusetts St. Mrs. Robert Clarno will act as co-hostess to the group.

The executive board is made up of the organization's officers and chairmen of standing committees.

The agenda will cover several important matters. Mrs. Arms, chairman of committee on program arrangement, announces that Mrs. Bob White and Mrs. Paul Miller will serve as co-chairmen for the Fashion and Hobby show to be held in April.

Tuesday, a demonstration was presented on "Floral Arrangements and Corsages." The demonstration was held in the school cafetorium.

This was the first in a series of three classes arranged by Mrs. Henry Cowles, chairman of the home service committee. February 28 at 10 a.m. in the school cafetorium, a consultant of a furniture firm will hold a forum on the subject of "Interior Decorating." On March 6 at 8 p.m in the cafetorium, a local beautician and hair stylist will present an exhibition and informative talk in regard to "Hair Styling."

These classes are open to the public. All members are urged to attend and bring their friends with them. There is no charge for the classes.

COUNTY BULLFIGHTING CLUB TO START THIS WEEK

An opportunity to become a charter member of the Club Ole, San Diego County's own original bullfight club, will be offered prospective members at the organization's meeting to adopt a constitution and by-laws, Thursday, February 23 at 8 p.m. in the Lafayette Hotel, San Diego.

Growing interest in the art of the torero throughout the Southern California area and fostering of understanding and appreciation of an art that has long held the favor of Spanish speaking countries is the main objective of the club.

Meetings are held regularly in the Terrace Room of the Lafayette Hotel on the second and fourth Thursdays of each month. A feature of interest to follow the order of business at the club's meeting February 23 will be a showing of motion pictures in three dimension of world famous matadors in action.

A scientist says he is on the verge of discovering what is holding the universe together. If and when he finds out, we'd feel better if he'd tie a knot in it.

Fear less, hope more; eat less, chew more; whine less, breathe more; talk less, say more; hate less, love more; and all good things are yours.
